

# National Conference of Bar Examiners

Director of Administration  
Anthony Nigro

December 18, 1991

INTO BO CHAMPON  
821 SOUTH 2ND STREET STE 1  
ALHAMBRA CA 91801

Dear Mr. Champon:

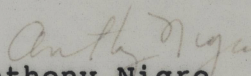

The information we currently have indicates that your MBE scaled score from the July 1991 examination meets or is above the minimum for the numerical component of the MBE score required for transfer to the District of Columbia, Alabama and Colorado. For a full statement of what is required for admission, you should contact those jurisdictions directly.

In order for your score to be transferred to the District of Columbia (DC), you must first make application to DC. They will send you an application packet which will include a score transfer form which is to be filled out and returned to DC along with a fee of \$10.00. The form will then be forwarded to us for completion and certification.

A Comprehensive Guide to Bar Admission Requirements is enclosed to assist you in determining which jurisdictions you may be able to waive into.

Scores are subject to final verification prior to certification.

Sincerely,

  
Anthony Nigro  
Director of Administration
